

Give Local Yellowstone Valley Region

We are pleased to provide distribution totals for our May 3rd “Give Local Day Event”. We appreciate the regional nonprofits who participated as well as the Businesses and individuals who were Sponsors. Please review the Sponsor list and join us in thanking them for their leadership in promoting the support of regional nonprofits.

The tables below provide the number of “unique donors” for each nonprofit and the total donated after subtracting fees. These figures include donations received through Kimbia’s system as well as those received through the BCF PayPal form. The next columns show the distribution of half the “Share Pool” based on each nonprofits share of our 270 unique donors and, as previously announced, the other half distributed equally to each participant to adjust for not having a full day’s results. The “Prizes” column shows the winners of “Around the Clock” prizes and morning Sponsor prizes.

Thanks to our generous Sponsors, each nonprofit’s total is greater than the \$75 participation fee and there were nine nonprofits whose total is greater than \$1,000! The total amount raised from Donors and Sponsors was \$34,312 and excitement was just beginning to build around 8am when the technology began to breakdown. We will have discussions in the weeks and months ahead to guide decisions regarding next year.

After allowing time for questions, distributions will be made in the days ahead. Thanks again for joining this “crowdfunding” effort!
